

Welcome and Integration Days of the Korean Delegation at Jean Baptiste Decrétot

불한협회

Monday 07 November 2016: full day

Tuesday 08 November 2016: morning (breakfast) and evening

Wednesday 09 November 2016: morning (breakfast)

Decrétot School has the pleasure to welcome, integrate and accommodate a Korean Delegation of 6 students and 3 teachers during these three days.

This privileged moment is the result and award of different actions and events that have been led last year in March, to share the culinary arts and traditions between South Korea and France; and between Sangsuh High School in Daegu, Decrétot School in Louviers and Clement Ader School in Bernay,

Decrétot School is also happy that four students and one teacher (Mrs Kyung-Hee Baek , a Culinary Arts teacher) from Sangsuh High School are represented in the delegation. This will give strong elements to the partnership between Sangsuh and Decrétot, the mobility of our students and teachers, and this will also be the first steps of our common project around the apple.

Composition of the Korean delegation.

Korean teachers	3
Korean students	6

The 6 students are accommodated at the school dormitory on Monday and Tuesday, the three Korean teachers are accommodated in the rooms of “Le Chateau”, our training hotel-restaurant during these two nights.

Teachers from Decrétot will accompany our Korean teachers and students from Decrétot will accompany our Korean students to facilitate accommodation and integration. English will be the common language.
